Features

Featuring Windows 10 Pro, built-in WiFi, and USB plug-and-play access, these displays offer quick and hassle-free setup. The durable construction, along with IP54 protection, ensures reliability in any environment for seamless business operation.

IP 54

Weather-Resistant

The tempered glass and IP54 waterproof and dustproof ratings provide robust protection, while the durable metal casing guarantees long-lasting use.

14H

Long Battery Runtime

With up to 14 hours of continuous operation, they provide reliable performance throughout the day, or plug them in for 24/7 operation in any setting.

Portable

Effortless Mobility

Our battery-powered displays are built for maximum mobility, featuring sturdy handles and durable casters for easy transport and positioning.

2000 NITS

High Brightness Screen

Featuring a 2000 NITS high-brightness screen with 1080p Full HD resolution, our portable digital displays ensure clear visibility even in outdoor environments.

Cutting-Edge Features for Maximum Impact

ADVANCED DISPLAY TECHNOLOGY - Featuring a 2000 NITS high-brightness screen with 1080p Full HD resolution, our portable digital displays ensure clear visibility even in outdoor environments. The tempered glass and IP54 waterproof and dustproof ratings provide robust protection, while the durable metal casing guarantees long-lasting use. Sturdy handles and industrial casters make these displays easy to move and set up in any location.

ELEVATE YOUR BUSINESS - Enhance your storefront's appeal and engage customers with our vibrant, high-brightness displays. Designed to attract attention both indoors and outdoors, these displays ensure your message remains clear and impactful in any lighting conditions, driving foot traffic and increasing sales.

POWERFUL WINDOWS 10 PRO - Powered by Windows 10 Pro, our displays offer seamless integration with existing software and full compatibility with a wide range of applications. Display images, videos, and custom advertisements with superior clarity and control, making content management effortless.

DURABILITY AND CONVENIENCE - Built for all-day use, our displays feature a galvanized steel frame with a double-layer painting process for enhanced strength and durability. The IP54-rated screen technology provides protection from moisture, dust, and sunlight, ensuring reliable performance in any environment.

PLUG & PLAY CONVENIENCE - Equipped with WiFi, HDMI, and USB ports, our displays offer quick setup and operation. Easily load and manage content with a USB drive or remotely control the display from any internet-connected device for seamless content management.

PORTABLE DESIGN - Our battery-powered displays are built for maximum mobility, featuring sturdy handles and durable casters for easy transport and positioning. With up to 14 hours of continuous operation, they provide reliable performance throughout the day, or plug them in for 24/7 operation in any setting.

READY TO USE OUT OF THE BOX - Fully assembled and ready to go, our displays come with a built-in Windows OS and WiFi connection for immediate use. Simply unpack, power on, and start displaying content without the need for complicated setups or programming, making them perfect for long-term use anywhere.

FREE 1 YEAR WARRANTY - Has a free full 1 year warranty. Every display is built with strict quality control and top-tier craftsmanship. They are inspected and tested before delivery to our customers. Free lifetime telephone technical support at 888-885-7740.

TV Liquidator is the Best LED Sign Supplier

LOW WHOLESALE PRICES - We are able to offer the lowest prices on brand new top of the line Portable Digital Displays because of our massive sales volume. Businesses and organizations that place orders and recommend us are growing by the thousands. We're also a major supplier to over a thousand sign companies and Internet retailers across the USA and Canada. They sell our displays for almost double our prices. You'll save money by ordering a digital display directly from us. We do not charge sales tax for customers outside of California and shipping is free. So the low wholesale prices that are shown on this website are the total prices.

FREE SHIPPING IN THE USA - Our corporate offices, showroom, and shipping facilities are located in Los Angeles, California. We are one of the only digital signage companies that crate and ship for free to anywhere in the United States American Flag. Most companies will charge you \$500.00 to crate and ship a heavy-duty Digital Display, because that's what it really costs. We crate and safely ship each of them to you for free. We keep a huge inventory of Portable Digital Displays. They are in stock and ready to ship in 1 or 2 business days.

BEST CUSTOMER SERVICE - Call 888-885-7740 or email info@tvliquidator.com. We take all orders over the phone so we can make sure our customers are satisfied and get exactly what they need. You can pay by credit card, debit card, Paypal, or check. For speed and convenience you can just email a picture of your completed check without having to mail it. Our team of digital signage experts are also computer technicians. They are the best in the business. They can answer all of your questions. We have free lifetime telephone technical support. We want to help you improve your business. We take care of our customers before and after their purchase.

TRUSTED INDUSTRY LEADER - We are a proud American company in Los Angeles. Many digital display retailers are based in China. No other company can match our quality, price, service, and expertise. That's why we are the only reputable digital signage company that posts prices on our website. Some companies will quote prices based on the sound of your voice. There are many unreliable companies that sell inferior products with little or no support. We are always making upgrades to our products. We strive for perfection. They're getting better all the time. Everyday we ship digital displays to all types of businesses, government locations, and military contractors throughout North America. They trust and depend on us.

Thousands of Happy Customers
